Mr. Lester A. Snow, Director
CALFED Bay-Delta Program
1416 Ninth Street, Suite 1155
Sacramento, CA 95814

Dear Lester:

Attached is a copy of WateReuse's request to the Department of Water Resources for funding of water recycling feasibility studies under Proposition 204 and Director Kennedy's response.

We recognize that the \$6 million need set forth in our letter to Mr. Kennedy may be in conflict with the needs of CALFED and others. However, given the clear intent set forth in Prop. 204 to further the feasibility of regional water recycling programs, some meaningful level of funding is appropriate. Mr. Kennedy stated in his response that DWR is working with CALFED staff to identify and prioritize which projects should be funded under Prop. 204. Any thoughts you may have as to the level of funding DWR should appropriate to water recycling would be appreciated.

I look forward to discussing this matter further. Please feel free to contact me at your convenience. I can be reached at the following address and phone number: 4021 Liggett Drive, San Diego, CA 92106, (619) 523-4661, FAX (619) 523-4194, E-Mail pmacl@pacbell.net

Sincerely,

A handwritten signature in dark ink, appearing to read "Peter MacLaggan".
Peter MacLaggan
Executive Director
